

The Names of the Children

The Bureau of Investigative Journalism collects data for all drone attacks in those countries. On their web site you will find a long list of deads and injured. Naming the Dead project records the names of over 700 killed by drones in Pakistan

https://v1.thebureauinvestigates.com/namingthedead/the-dead/?sorted-by=newest-to-oldest&gender=child&location=any&reported_status=any&lang=en
